## NEWSLETTER CLASS- II NOVEMBER 2023

**Education Is The Most Powerful  
Weapon Which You Can Use To  
Change The World !  
Nelson Mandela**

**Dear Parents and Guardians,**

We hope this letter finds you in good health and high spirits. As we embrace the beautiful autumn season, we have many exciting updates to share with you about the month of November, in our Pre-primary program. This month is filled with academic activities, festivals and a special educational trip that will undoubtedly enrich our child's overall learning experience.

In November, we will continue to foster our child's language and literacy skills through engaging story sessions, reading practice sessions, word games and interactive activities that encourage language development. Please encourage them to read at home and explore new books together. We will introduce our child to basic math concepts through fun games and puzzles. We will also explore numbers and counting in various contexts, making learning math enjoyable and practical.

The feeling of gratitude is a prime personality trait and to nurture this feeling we are organizing Thanksgiving with a special classroom feast where children are welcome to bring a small dish or Greeting card to share, and we will discuss the importance of gratitude and thankfulness.

They will also learn about the festival of lights, Diwali, through stories, art, dance, drama, and activities. They will have the opportunity to create beautiful Toran and Kandil lamps. In celebration of Children's Day, we have planned a day field trip filled with fun and games to make our child feel extra special. This trip is designed to enhance their learning experiences by allowing them to explore new environments.

We are committed to provide our children a nurturing and enriching educational experience. If you have any questions or concerns, please do not hesitate to contact our Coordinator or teachers.

Thank you for your continued support, we look forward to a memorable and educational month of November with our child.... **HAPPY LEARNING!**

## VALUE OF THE MONTH- - CARING, SHARING AND FRIENDLINESS

### The Farmer and the Crane

Copyright©Isamaj.com

There once was a farmer who was very worried about his crop getting eaten by the birds. So he laid a trap for the birds.

Next day he managed to catch a flock of the birds. A crane also got trapped in the net. The crane pleaded with the farmer for his freedom.

The farmer retorted: "You have been found in the company of these birds who were eating my seeds. So I will not spare you."

दिवाली रोज मनाएं

चकरी चक्कर खाए  
अनार उछला आसमान तक  
रस्सी-बम धमकाए  
सांप की गोली हो गई लम्बी  
रेल धागे पर दौड़ लगाए  
आग लगाओ रॉकेट को तो

ऐसा लगता है दिवाली  
हम तुम रोज मनाएं।

NOW WE ARE SIX

When I was One,  
I had just begun.  
When I was Two,  
I was nearly new.  
When I was Three  
I was hardly me.  
When I was Four,  
I was not much more.  
When I was Five,  
I was just alive.  
But now I am Six,  
I'm as clever as clever,  
So I think I'll be six

The festive season also gives us a chance to remember the less fortunate in society and the spirit of sharing and caring comes into focus ,which we should consciously ingrain in our little ones .We can help them by providing a little packet which they share and distribute among the underprivileged children of the neighborhood .The joy and happiness to be experienced after such an act gives unbound pleasure to little children. When they grow up, they will become a sensible and responsible citizen. Wishing you all a wonderful week of happiness and joyous celebrations.

## TIPS FOR PACKING SCHOOL LUNCH

- **Plan your lunchbox in advance:** For example - make the dosa batter, chapati dough, filling for paratha, sandwich, cool it completely, and refrigerate. You can also chop some veggies, fruits and store them in the fridge.
- **Get your kids involved in lunchbox planning** – It is an inspiring way for them to learn and try about new foods.
- **Bento Box** -Using bento-style STAINLESS steel lunchboxes with compartments is good choice to pack a variety of food items separately.
- **Thermos:** You can pack hot soups and pasta in a thermos to keep the food warm and retain its consistency on a chilly or rainy day.
- **Water/ Juices /butter milk :** Filtered water, occasionally send fresh homemade juice and coconut water or buttermilk specially in summers.
- **Balanced Meal:** Pack a well-balanced meal with fruits, vegetables, whole grains, unprocessed foods, carbs, protein, and dairy. Consider the below nutrient-dense foods.

1. **Fruits:** Always try to pack fresh, colorful, organic seasonal fruits for your child.
2. **Vegetables:** Try to include a variety of fresh, low-sodium frozen vegetables, including colored, dark green leafy greens.
3. **Whole Grains:** Choose whole grains, such as whole-wheat bread, quinoa, rice, whole-wheat pasta, and millets.
4. **Protein:** Choose paneer (cottage cheese), Greek yogurt, Tofu, lentils, beans, peas, unsalted nuts, and seeds.
5. **Dairy:** Try to include dairy products, such as milk, plain yogurt, and cheese.

- **Switch things up:** Repeated lunches can be boring, so try to change the menu weekly by switching things up, be it in main lunch, snacks, veggies, or fruits. Also put, surprise delights including crackers, chips, homemade cakes, cookies, savory snacks, or sweets some days
- **Prevent food from getting soggy:** prefer cooking food just before packing lunchbox. However, hot food, when packed in the steel lunch boxes, causes condensation and makes the food soggy. To avoid it, allow the food like paratha, grilled sandwich to cool completely before packing. Utilize leftovers – make sure to use any leftovers that will work as a cold lunch – pizza, pasta, soups, dips, etc.

**Note-**Always pack lunch in properly washed and dried box, water bottle should be cleaned daily with soap and warm water.

## MEAL PLAN-

**Eat healthy, feel healthy & keep yourself healthy**

**Crunch & Sip is a set time in preprimary & primary wings for students to 'refuel' on vegetables, salad, and fruit and 'rehydrate' with water. Students who are not hungry and are well hydrated perform better in the classroom, showing concentration and are less likely to abruption.**

## WHY WE DO THIS

Diwali is a five-day festival that begins with Dhanteras, which is dedicated to the worship of Goddess Lakshmi, the goddess of wealth. The second day is called Naraka Chaturdashi, which commemorates the victory of Lord Krishna over the demon Narakasura. The third day is the main Diwali celebration, which signifies the return of Lord Rama after defeating Ravana and the lighting of lamps to guide him home. The fourth day is Govardhan Puja, which honors the lifting of Mount Govardhan by Lord Krishna. The fifth day is Bhai Dooj, a day to celebrate the bond between brothers and sisters. This five-day festival symbolizes the triumph of good over evil and the importance of family.
