TIPS FOR PACKING SCHOOL LUNCH

- **Plan your lunchbox in advance:** For example - make the dosa batter, chapati dough, filling for paratha, sandwich, cool completely, and refrigerate. You can also chop some veggies, fruits and store them in the fridge.
- **Get your kids involved in lunchbox planning** – It is an inspiring way for them to learn and try about new foods.
- **Bento Box** -Using bento-style **STAINLESS** steel lunchboxes with compartments is good choice to to pack a variety of food items saperately.
- **Thermos:** You can pack hot soups and pasta in a thermos to keep the food warm and retain its consistency on a chilly or rainy day.
- **Water/ Juices /butter milk :** Filtered water, occasionally send fresh homemade juice and coconut water or chach specially in summers.
- **Balanced Meal:** Pack a well-balanced meal with fruits, vegetables, whole grains, unprocessed foods, carbs, protein, and dairy. Consider the below nutrient-dense foods.

1. **Fruits:** Always try to pack fresh, colorful, organic seasonal fruits for your child.
2. **Vegetables:** Try to include a variety of fresh, low-sodium frozen vegetables, including colored, dark green leafy greens.
3. **Whole Grains:** Choose whole grains, such as whole-wheat bread, quinoa, rice, whole-wheat pasta, and millets.
4. **Protein:** Choose paneer (cottage cheese), greek yogurt, tofu, lentils, beans, peas, unsalted nuts, and seeds.
5. **Dairy:** Try to include dairy products, such as milk, plain yogurt, and cheese.

- **Switch things up:** Repeated lunches can be boring, so try to change the menu weekly by switching things up, be it in main lunch, snacks, veggies, or fruits. Also put, surprise delights including crackers, chips, homemade cakes, cookies, savory snacks, or sweets some days. I also prefer to pack her favorite breakfast food for lunch at times.
- **Prevent food from getting soggy:** I prefer cooking food just before packing my lunchbox. However, hot food, when packed in the steel lunch boxes, causes condensation and makes the food soggy. To avoid it, allow the food like paratha, grilled sandwich to cool completely before packing.
- **Utilize leftovers** – make sure to use any leftovers that will work as a cold lunch – pizza, pasta, soups, dips, etc.

Note-Always pack lunch in properly washed and dried box, water bottle should be clean daily with soap and warm water,

MEAL PLAN-

Eat healthy, feel healthy & keep yourself healthy

Crunch & Sip is a set time in preprimary & primary wings for students to 'refuel' on vegetables, salad and fruit and 'rehydrate' with water. Students who are not hungry and are well hydrated perform better in the classroom, show increased concentration and are less likely to be irritable and disruptive.
